WB – World Bank
WSS – Water Supply and Sanitation
WTP – Water Treatment Plant
WTP – Willingness to Pay
ZWO – Zonal Water Offices
ZWUA – Zonal Water User Association
It also suggests that the politics of management at the river basin level will affect the implementation of national water policies intended to promote integrated management.\cite{Bhat2004PolicyPA} Among countries with river basin organizations to manage their water resources, Spain's experience is one of the longest. One of the first basin agencies established in Spain was for the Guadalquivir River in the south.
