The Rights of Parents When a Baby Dies and Rights of the Baby were developed by the Perinatal Bereavement Team at Women's College in Toronto, Canada. With permission, the National Office of SHARE: Pregnancy and Infant Loss Support, Inc. has revised and expanded these documents for distribution within the United States. View Parental Bereavement Research Papers on Academia.edu for free. The PCBD Checklist is a psychological test for bereaved children and adolescents aged 8-18. It is designed to assess content domains corresponding to DSM-5 proposed Persistent Complex Bereavement Disorder symptom criteria, including Separation Distress, Reactive Distress, Existential/Identity Related Distress, and Distress over Circumstances of the Death.
